

Student Assistant (m/w/d)

In the Conference Organizing Team of the Research Unit “The Epistemology of the Large Hadron Collider”

Job description

The position consists of supporting activities for the organization of the International Conference of the Research Unit “The Epistemology of the LHC” (eLHC) on Large-Scale Experiments – Reflecting on Theories and Practices. The conference aims to bring together researchers from the sciences, history, philosophy, and social studies of science to explore the scope and understanding of large scientific research.

The event is planned to be held from 8 to 10 December 2022, in **Karlsruhe**.

In preparation of the conference:

- Support the management and monitoring of services, logistics, and equipment needs
- Communication with the participants
- Perform other related tasks as may be assigned by the Conference Organizing Team

During the conference:

- Support preparation on-site
- Attend the event to ensure that details are handled as planned
- Welcome and guide participants at the conference check-desk
- Perform other related tasks as may be assigned by the Conference Organizing Team

Qualifications and Skills:

- Communication (written and verbal) in both English and German
- Ability to work effectively as part of a team as well as to take initiatives
- Problem-solving skills
- Previous experience in event organization or related work experience is an added advantage

Contract duration:

5 hours a week for 5 months

Application and Contact details:

Please send by e-mail your application, including cover letter and CV until: **5 June 2022**.

We will invite selected candidates for a short interview.

Prof. Dr. Dr. Rafaela Hillerbrand. E-mail: rafaela.hillerbrand@kit.edu

M.A Marianne van Panhuys. E-mail: marianne.panhuyus@kit.edu

We are looking forward to your application!
