

RESEARCH ASSISTANT

Studentische Hilfskraft (Hiwi)

The Chair of Political Economy, held by Prof. Nora Szech, is part of the ECON Institute. Our main research topics are markets, behavioral economics and experimental economics. As support of our Chair, we are looking for one or two new research assistants to join our team.

Your tasks as research assistant at our chair:

- Preparation of experiments and support in conducting experiments.
- Literature research and preparation of subject matter.
- Evaluation of research data.

Your profile should include:

- Reliability and team spirit
- High working motivation and willingness to acquire new skills
- Good English and German skills
- Basic knowledge of behavioral economics is recommended
- Experience with statistical data analysis or programming is welcome but not compulsory

We offer you the chance to actively engage in our research projects and experience diverse research methods and current projects at our Chair of Political Economy.

Starting date: September or October 2021

Application deadline: July 20, 2021

Please apply with your CV and a transcript of records (Abitur and grades from your university studies) to Sibille Hackel (polit@econ.kit.edu).

We are looking forward to receiving your application!

As support for our Chair, we are looking for a

RESEARCH ASSISTANT (Programmer)

Studentische Hilfskraft (Hiwi)

The Chair of Political Economy, held by Prof. Nora Szech, is part of the ECON institute. Our main research topics are market design, behavioral economics and experimental economic research.

Your tasks will include working on experiments (e.g. at KD2Lab) and providing assistance with a focus on:

- Programming experiments, e.g. in oTree (Python-based experiment software), SoSci, or other languages/platforms

Your profile:

- Interest in coding and learning new coding skills
- Ideally, you have gained some prior experience in programming (Python is great but other languages are a good start as well)
- Interest in economic experiments/ topics in Behavioral Economics
- Reliability and team spirit
- High working motivation
- Good English skills

We offer you the chance to actively engage in our research projects and experience diverse research methods and current projects at our Chair of Political Economy.

Starting date: August or September 2021

Working Time: 20-40 hours a month

Please apply with your CV and a transcript of records (Abitur and grades from your university studies) to Sibille Hackel (polit@econ.kit.edu). We are looking forward to receiving your application right now and until July 16, 2021!
