

# Discover careers in the world of sensors @ Sensirion

Join this interactive event to learn more about career opportunities at SENSIRION – one of the world's leading manufacturers of digital microsensors and systems.

Founded in 1998 Sensirion has become the leading manufacturer of flow and environmental sensors solutions. The company now employs people in various countries such as the USA, South Korea, Japan, China, Taiwan, Germany and Switzerland.

In this event, Gina Greco (Key Account Manager & PhD Physics University Pisa) and Kevin Bircher (Key Account Manager & Mechanical Engineering ETH Zurich) will give you insights into the exciting world of sensors and their work as Key Account Managers at Sensirion (Q&A after the presentation).

We look forward to your participation!
