

## 24J011 – Student assistant

### Title: Data extraction and project support

Are you interested in working on carbon and biodiversity related topics and data?

The European Institute for Energy Research EDF-KIT EWIV (EIFER) is looking for a

#### **Student assistant (f/m/d)**

in the research group “Energy Transition, Markets, Environment”.

Our Team actively follows developments in natural capital and nature-based solutions, green accounting and finance, ecological compensation, and biodiversity and ecosystem services. This helps us dynamically adjust our research activities and solution proposals to new needs and concerns. We are monitoring these issues from a design, methodological and regulatory perspective to identify related risks and opportunities.

The European Institute for Energy Research was founded by EDF and the KIT in 2002 aiming at enhancing collaboration through joint projects applied to industrial issues and utilities’ needs. With its applied research orientation EIFER is bridging the gap between science and industry for more than 20 years. In the context of the European energy transition, EIFER provides research-based innovative energy solutions for the sustainable development of cities and communities, economic activities, and territories.

### The assigned tasks involve

- Extract data relating to carbon sequestration
- Transversal support to project management and project team:
  - Support slides and document preparation
  - Punctual researches
  - Support knowledge management

### Required qualifications/skills/interests

The position is aiming to Master-students in sustainable development, environmental management.

- A good level in English and/or French
- Professional handling of Microsoft Office applications such as Excel

### What you can expect

- A stimulating, multicultural and multidisciplinary environment
- An institute at the intersection between academic research and one of the largest energy utilities in Europe
- If the opportunity arises: participation to conferences, involvement in scientific publications

## Conditions

- Duration: 6 months (can be reconducted)
- Starting date: as soon as possible
- Location: ElfER, Emmy-Noether-Str. 11, 76131 Karlsruhe, Germany
- Working hours: 40 hours per month
- Monthly compensation: 550 € basis, hourly rate depending on the student's education level

## Contact

If you want to join a highly motivated research group, please forward your electronic application with one single pdf of max. 5MB including all relevant information (curriculum vitae and cover letter) to [jobs@eifer.org](mailto:jobs@eifer.org). **Please refer to the offer number 24J011.**
