

[Blockchain Technology - Working Student \(f/m/d\) - Frankfurt - 435 \[zanders.eu\]](#)

Elevate your career, perform when it counts: become part of our global financial consulting evolution!

Your role:

You will join our Blockchain team, which consists of business analysts, financial experts and developers. This is a unique position within the company as it allows you to work across all segments within Zanders and get exposure to all types of clients! Our clients range from Global Systemically Important Banks to multinational corporates, public institutions as well as start-ups in the Blockchain industry. Blockchain technology, in particular Decentralized Finance and the Metaverse, is a hot topic in all these sectors and we are looking for you to drive the initiative forward.

This team is looking for students who want to work alongside their studies as a working student (20h/week in Germany) or do a full-time internship. The length of the internship is negotiable but should not be shorter than 6 months. Successful interns/working students are likely to receive an offer to join our team full-time after graduation.

Key Responsibilities:

- Support our senior colleagues on their client-facing project work as well as their business development efforts (e.g. pitches, conferences, university lectures),
- Furthermore, you will be trusted with answering real world questions from our clients with concrete evidence and data analytics rather than repetitive high-level ideation.
- Full ownership of and responsibility for your work, which is awarded with a flexible work environment and first experience in the execution of smaller projects.

Skills to be successful:

- Quantitative study such as Computer Science, Economics, Econometrics, Quantitative Finance, Mathematics, or similar,
- Currently enrolled in a Masters programme of aforementioned disciplines,
- Interest in Blockchain technology, Data Analysis, Business Model Evaluation,
- Creative and strong analytical skills,
- Passion for problem solving, advising and client facing projects,
- Preferably, you have programming skills and experience working with the Microsoft Office Suite,
- Good communication skills, fluent in German and English,
- Living in or relocating to Frankfurt.

We offer:

- A hybrid work environment, that promotes a healthy work-life balance,
- 30 paid holiday allowance (on a full-time employment),
- An entrepreneurial culture that values personal development, with ample room for initiatives,
- Expertise in your chosen field, building skills rapidly alongside diverse clients and consultants,
- A truly collegiate environment with enthusiastic and helpful colleagues, fostering career excellence in Treasury, Risk or Technology,
- An international and fun working environment,
- Cultural night events, annual Zanders's trip to a [surprise] location in Europe and many more exciting experiences to come!

About Us: Progress your career with Zanders.

We are a global financial consulting firm focused on Treasury, Risk and Technology. From our HQ in the Netherlands, we have been expanding our presence in Europe, UK, USA, and Asia. For 30 years we have been providing innovative solutions embracing the latest technological advancements to multinational corporations, financial institutions, public sector entities and NGOs. We go beyond conventional boundaries, delving into new market segments to uncover untapped opportunities. As pioneers in Environmental, Social, and Governance (ESG) principles and practices, we support our clients to achieve their ESG goals.

At Zanders we invest in our people for an inclusive atmosphere, where freedom, fun, and collaboration are pivotal and set us apart, defining our success. We believe that diversity, equity, and inclusion (DE&I) are essential to establish a strong and sustainable business, fostering a culture that values and respects diversity in all forms. Zanders is not just a workplace - it is a supportive community.

We invite those who share our passion for collaboration, growth, and positive impact to join us on this journey. If you're in search of a workplace which nurtures personal and professional development, Zanders is the perfect fit for you.

Join us as we continue to shape the future of consultancy, making a meaningful impact in the world of Treasury, Risk, and Technology!

By applying for a role at Zanders, you give us approval to use and retain your personal details. Considering Zanders' nature of enterprise, you are expected to behave to a high moral standard. A Pre-Employment Screening (PES) by a third party is part of the application process.
